RE: SLUH Jesuit Residence – BSI Project # 1120

Dear John,

We appreciated working with your firm on the Jesuit Residence Project and the efforts made to expedite the timely completion of the project. The level of professionalism in both the office and field is worth noting. While jobsite conditions are often too cramped or too dark, you were able to provide a quality installation and level of finish.

We look forward to the opportunity to work together on future projects and wish you much success in the coming year.

Very Truly Yours,

BSI CONSTRUCTORS, INC.

Paul D. Hollmann
Project Manager

Cc Paul Shaughnessy
